RUKON KHAN

Philadelphia, PA 19152 | (989) 854-9754 | rukon-it@live.com | github.com/rukonit

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, TypeScript, Go, C, C#, PHP
Frontend: React.js, Next.js, AngularJS, HTML5, CSS3, Jest, Cypress
Backend and APIs: Node.js, Express.js, Spring Framework, GraphQL, Quarkus, Liquibase, Flyway
Databases: Google Spanner, BigQuery, Microsoft SQL Server, MySQL, PostgreSQL, MongoDB, Redis
Cloud and DevOps: AWS, Google Cloud Platform (GCP), Docker, Kubernetes, Helm, GitLab, GitHub Actions, Jenkins, Harness, CircleCI
Data and Messaging: Kafka, RabbitMQ, JMS, SSIS, Dell Boomi
Monitoring Tools: Datadog, Splunk, Grafana, Loki, Prometheus, OpenTelemetry, Kibana, Elasticsearch

PROFESSIONAL EXPERIENCE

Software Engineer | Lockheed Martin | June 2026 - Present

- Develop and maintain mission-critical backend services using Java, Quarkus, and PostgreSQL for secure, scalable, high-performance space systems.
- Design and implement RESTful APIs, database schemas, and Liquibase migration scripts to support reliable application development and database versioning.
- Build, deploy, and manage containerized applications on Kubernetes using Helm charts, improving deployment automation, scalability, and operational efficiency.
- Collaborate with cross-functional engineering teams to troubleshoot production issues, optimize application performance, and deliver software using Agile and DevSecOps practices.
- Develop frontend features with JavaScript and AngularJS and contribute across implementation, testing, code reviews, and CI/CD integration.

Software Engineer | PayPal | October 2021 - May 2026

- Contributed to customer incentive and rewards platforms supporting large-scale merchant engagement; developed full-stack campaign and rewards management applications.
- Contributed to the architecture and scaling of the Honey Rewards Campaign Management Platform using React.js, Next.js, Node.js, TypeScript, Express.js, GraphQL, Nexus GraphQL, Apollo Server, MCP Server, and Google Spanner.
- Developed backend microservices using Java, Spring Framework, and SQL and NoSQL databases; built event-driven features with Kafka and RabbitMQ.
- Designed and implemented RESTful and GraphQL APIs for reward tracking and cashback calculations.
- Optimized databases across Google Spanner, BigQuery, and Microsoft SQL Server (T-SQL); reduced reward budget engine latency by 40% during peak seasonal traffic.
- Built secure enterprise ETL and data integration pipelines using Python, Dell Boomi, SSIS, DBAmp, WinSCP automation, and Salesforce.
- Developed real-time dashboards for campaign monitoring and analytics; implemented monitoring and alerting using Datadog and Splunk.
- Implemented automated testing with Jest and Cypress, achieving 85%+ code coverage.
- Designed CI/CD pipelines with GitHub Actions, Jenkins, Harness, CircleCI, and Docker across AWS and GCP.
- Used AI-assisted development tools and workflows, including Claude Code, Cursor, and Copilot, to improve productivity, code quality, testing, and workflow automation.

Database Developer | Central Michigan University | March 2020 - October 2021

- Built ETL data integration pipelines using Dell Boomi, SQL Server Integration Services (SSIS), Slate, and SAP BI.
- Performed database operations using T-SQL queries, stored procedures, functions, and triggers in Microsoft SQL Server; optimized database performance and data integration processes.
- Developed custom scripts using Groovy and JavaScript in Dell Boomi and Python libraries including NumPy and Pandas.
- Built Power BI and SAP BI dashboards for university leadership to monitor admissions, enrollment, budgets, and other data visualization needs.

EDUCATION

Master of Science, Information Systems | Central Michigan University | 2020 | GPA: 3.86
Master of Arts, Economics | Central Michigan University | 2018 | GPA: 3.86
Master of Social Science, Economics | Shahjalal University of Science and Technology | 2016 | GPA: 3.51
Bachelor of Social Science, Economics | Shahjalal University of Science and Technology | 2013 | GPA: 3.39

CERTIFICATIONS

Salesforce Certified Platform Developer I | Lean Six Sigma Green Belt Certification (2019)
